

SUMIRAN SPACE FOR ULTIMATE MANIFESTATION OF REALITY IN NATURE

SAHARA INTERNSHIP PROGRAM

CO-LIVING, CO-WORKING, CO-CREATION, CO-EVOLUTION

ABOUT SUMIRAN

Sumiran is an open space with an invitation. For more than a decade now, friends of Sumiran have been working to bring to what it is now. From a barren land to one of the most vibrant ecosystems in the area today, Sumiran has evolved as a canvas of endless possibilities.

Sumiran offers a unique blend of nature-based solutions and community-driven learning. By fostering a deep connection to the environment and promoting sustainable practices, we're not just addressing global challenges but also nurturing individuals and communities. Our approach prioritizes safety, security, and well-being, making it a truly holistic and transformative experience.

VISION

"To allow emergence of a federation of individuals who intend to pursue their individual journeys, bound by a common thread of wanting to live, learn and work together being guided by the infallible laws of nature to ultimately achieve 'sagoon' for all".

ABOUT- SAHARA

SAHARA or Sustainable and Holistic Approach Rejuvenation for All offers a year-long immersive internship beyond conventional learning. By combining deep theoretical knowledge with Indian philosophy with practical experience, we empower individuals to become catalysts for sustainable development. Our program focuses on holistic growth, covering everything from ecological understanding to policy analysis and real-world project implementation. We provide a platform for innovation, supporting nature-centric livelihoods and incubating groundbreaking ideas. Join us to shape a sustainable future, one project at a time.
